Lifepoint Community Church uses L-I-F-E to describe its purpose

Lifepoint Community Church is a church where people from all types of backgrounds have come together to worship God, and enjoy life. From the very beginning Lifepoint has felt passionate about grace-oriented ministry and leadership. Our desire is to show grace rather than have a set of legalistic rules.

Through the years people from many church affiliations, and many with no prior church experience have come to worship. We learn how to live Biblical principles together. Lifepoint is an inter-denominational church. We fully respect the preferences and traditions that people have learned in various churches. We also realize that not everyone is familiar with the many traditions of different churches. While it is impossible to acknowledge all traditions of many churches, we can help explain them so others who are not familiar with them can appreciate them too.

We use the L-I-F-E in Lifepoint to describe our purpose.

Legend of the Dogwood
In Jesus time, the dogwood grew To a stately size and a lovely hue. Two strong & firm it’s branches interwoven For the cross of Christ its timbers were chosen. Seeing the distress at this use of their wood Christ made a promise which still holds good: "Never again shall the dogwood grow Large enough to be used so slender & twisted, it shall be With blossoms like the cross for all to see. As blood stains the petals marked in brown The bloom of Jesus’ heart yearns a thorny crown. All who see it will remember me Crucified on a cross from the dogwood tree. Cherished and protected this tree shall be A reminder to all of my agony." — Unknown

Easter symbolism complements the holiday

Tradition plays an important role in Easter celebrations for many families. Cherished traditions and symbols of Easter are both secular and religious. From the paschal lamb as a symbol of resurrection to the Easter bunny as a symbol of new life, these symbols can make sharing the miracle of Easter that much more special.

Eggs
Eggs are one of the most recognizable symbols of Easter. For Easter egg hunts, eggs are hard-boiled and decorated in bright hues. It’s believed that the origins of Easter eggs are both secular and religious. From the paschal lamb (once pagan) perspective, the egg is an ancient symbol of new life, according to The History Channel, and has been associated with pagan festivals that celebrate spring. Some Christians feel that Easter eggs represent Christ's emergence from the tomb and his subsequent resurrection. Eggs were once a food not consumed during Lent, therefore painting and decorating them to mark the end of fasting and penance became a way to celebrate Easter.

Eggs are often exchanged during Easter celebrations or presented as hostess gifts for those sharing the holiday meal with others. The American Bible Society says lilies grow in the spring around the time when Easter is typically celebrated. Also, because they look like trumpets, they can be a symbol that heralds Christ's resurrection.

Lilies
Lilies are often exchanged during Easter celebrations or presented as hostess gifts for those sharing the holiday meal with others. The American Bible Society says lilies grow in the spring around the time when Easter is typically celebrated. Also, because they look like trumpets, they can be a symbol that heralds Christ's resurrection.

Crucifix
The crucifix is one of the central symbols of Easter and Christianity. The cross is a symbol of Easter may include anything from egg hunts to the crucifixion and sacrifice. The crucifix also highlights the ability of God to give new life to people after death.

In addition to wearing and displaying the cross during Easter, some people bake “hot cross buns” as another symbol of the season.

Rabbit
The Easter bunny is very much a secular symbol of the holiday, but one that has become so ingrained with the season that many people ascribe to it a Christian meaning. Pagan celebrations of spring often linked rabbits or hares with the season because of their fertility and ability to bring forth new life. According to the Christian living resource Crosswalk, believers associate the rabbit coming out of its underground home as a symbol of Christ emerging from the tomb.

Lamb
Lamb is another symbol associated with Easter. Lambs were originally associated with the Jewish holiday of Passover, when lambs were sacrificed and their blood was used to mark which houses contained those faithful to God. As a result of his crucifixion, Christ became the symbol of lamb for all — the ultimate sacrifice. In fact, Christ is often referred to as “The Lamb of God.”

Easter is replete with many recognized symbols. Unearthing their meanings can be a learning experience and a way to further immerse oneself in this holy holiday.

Tradition plays an important role in Easter celebrations for many families. Cherished traditions and symbols of Easter are passed down from generation to generation, creating a sense of continuity and connection. These practices can vary widely, from family to family and culture to culture, but they all serve to reinforce the central themes of rejoicing, hope, and new life that are at the heart of Easter.
